## EDUCATION

|                                                                                |           |
|--------------------------------------------------------------------------------|-----------|
| Bachelor of Technology in Computer Science, GLA University, Mathura, CPI: 8.77 | June 2027 |
| Intermediate, Ramanlal Shorawala Public School, Mathura, 88.6%                 | May 2023  |
| High School, Ramanlal Shorawala Public School, Mathura, 85%                    | May 2021  |

## INTERNSHIP/ TRAINING EXPERIENCE

|                                                          |                       |
|----------------------------------------------------------|-----------------------|
| Job Oriented Value-Added Course, GLA University, Mathura | June 2025 – July 2025 |
|----------------------------------------------------------|-----------------------|

Trainee

- Implemented Python based machine learning techniques on real-world datasets, achieving 82% model accuracy and reducing data processing time by 30% using Pandas & NumPy.
- Constructed a machine learning model that achieved 82% accuracy in predicting student dropout risks.

## PROJECTS

- CodePrep: Coding & Interview Preparation Platform** <https://github.com/Gauravmittal9205/CodePrep> Jan 2026
- Architected and launched CodePrep**, a full-stack coding and interview preparation platform supporting DSA practice, company-specific mock OAs, live contests, and AI-driven interview simulations.
  - Engineered real-time system workflows** including live leaderboards, instant code evaluation, and automated email notifications for users and admins.
  - Tech Stack:** React.js, Node.js, Express.js, MongoDB, Docker, and GroqAI APIs for speech processing & contextual evaluation
- ShareCare: Multi-Resource Donation Platform** [https://github.com/Gauravmittal9205/Multi\\_Resource\\_Donation](https://github.com/Gauravmittal9205/Multi_Resource_Donation) Dec 2025
- Developed a **multi-resource donation** platform that connects verified NGOs and donors
  - OTP-based **two-step authentication** to ensure secure and trusted user access
  - Created an admin dashboard to approve NGOs, validate donation requests, and assign donors efficiently
  - Enabled transparent **donation tracking** for resources such as food, clothes, books, and medicines
- EduTrack\_AI: AI Based Syllabus Tracking Platform** [https://github.com/Gauravmittal9205/EduTrack\\_AI](https://github.com/Gauravmittal9205/EduTrack_AI) Jan 2026
- Build an AI-powered syllabus tracking platform to help students monitor syllabus progress & improve exam preparation
  - Integrated **OCR** for syllabus digitization and **Gemini Pro API** for AI-based doubt solving, tutoring, and quiz generation
  - Tech Stack:** React, Node.js, Express.js, MongoDB, OCR, Gemini API

## SKILLS

### Technical Skills:

- Programming Languages: JavaScript, Python, Java
- Core Concepts: Data Structures & Algorithms, Problem Solving
- Web Development: Node.js, Express.js, MongoDB
- Tools & Technologies: Git, VS Code

### Professional Skills:

- Effective Communication & Collaboration
- Teamwork & Leadership
- Interpersonal Skills
- Adaptability & Continuous Learning

## PROFESSIONAL ACHIEVEMENTS/ INSIGHTS

- Certified** in *Introduction to Cybersecurity* by Cisco Networking Academy.
- Solved 650+ coding problems on LeetCode**, improving algorithmic problem-solving skills
- Contributed innovative solutions at *Google Developer Groups Solution Challenge Hackathon*.
- Achieved Codeforce rating of 1000+**, demonstrating consistent practice in competitive programming.
- Attended guest lectures on **Data Science** by Mr. Manish Bhatia and Mr. Gulshan Kumar.

## CO-CURRICULAR ACTIVITIES

- Engaged in the **Quantathon** (Technical Fest), GLA University (October 2024).
- Participated in **Smart India Hackathon and Devathon** (Inter-College Hackathon) 2025.

## DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
